This privately owned home accommodates 8-12 people, making it ideal for family, friends or special events. There is an ocean view from every room with cathedral ceilings and marble floors throughout. It is a special place where the breeze of the ocean revolves around everything and where you dream that your spirit is free and at peace. Casa John is definitely one of the most exceptional properties on the Bay of Banderas. It is a refreshingly interesting creation of architect Victor Javier Guerro introducing a vision of luxurious Balinese-Mexican oceanfront living to the Nayarit Riviera. It is an extraordinary residence uniquely designed to capture the relaxed spirit of the tropics, the calming refreshing sea breezes, and the sophisticated eye for refined elegance. This dramatic, intimate, spacious and airy oceanfront retreat is characterized by open and flowing floor plans offering indoor and outdoor living space over stunning ocean vistas.
